

Acabanes Villa Departure Information

The Team hope you have had a good holiday. Please do not spend your last hours cleaning as the caretakers will do this after your departure, however, it would be very much appreciated if you could carry out the following;

Departure - by 09:30

Glass Recycling – please remove all your glass recycling to the bins in the local villages, the closest in Thenac village at the top of the hill by the church.

Bed linen and towels – There is no need to do anything at all with your bedding or towels.

Leave the villa as you found on your arrival - If any equipment has been moved the caretakers would very much appreciate it to be replaced.

Rubbish/Nappies/dog bags - All rubbish is to be placed in strong rubbish sacks with no loose rubbish in the bins. Nappies and dog poo bags must be double bagged. If there is loose rubbish our caretakers will need to crawl into the wheelie bins to remove this and we will need to retain a minimum amount of £50 from your security deposit to reflect this very unpleasant task. Thank you for your understanding with this.

Kitchen Key Box - Check the keys are all present – spare front door, green gate, pool cover high end, gym, bike locks, bike shed.

Bathrooms - empty the small bins.

Infant equipment – please clean ready for our next tiny, very special guests.

Kitchen – please place your breakfast dishes in the dish washer and turn the DW on a quick setting. Empty the kitchen bin bag and place in the wheelie bin.

BBQs - Gas BBQ - burn off food residue /Charcoal BBQ – empty coals and clean grills. Please let me know if a bottle has run out.

Dogs - We have toddlers enjoying the garden most weeks therefore it is imperative the gardens thoroughly checked before your departure.

Key - Leave in the key box on the front door shutter (code 1722) or hand to the caretakers.

Merci bien! With very grateful thanks from Tracey and The Team
